

## Make Your Next Move An EZ Move!

### 25" POWERMAXX LIFTER - COMING SOON

For use on **Carpet** and **Hard Floors**

Pairing the NEW EZ Moves PowerMaxx Lifter with EZ Moves Furniture Slides can help reduce the risk of back injuries by eliminating the need to lift and carry heavy items when moving.

The specially designed EZ Moves PowerMaxx Lifter relieves the strain of tilting the furniture by giving you the leverage you need to safely and easily lift the corners of the furniture. Then simply place the furniture slides under the legs or corners of; furniture, filing cabinet, credenza, etc., and easily slide from room to room. This combination of tilting and sliding makes the moving process ergonomically complete.

Although created to make placing EZ Moves Furniture Slides simple and ergonomically correct, the lifter is also a great tool to place area rugs under furniture, level adjustable legs, and clean under appliances and other items.
