

6" FINNY PRECISION SAFETY SCISSORS

752015

Blunted Safety Tips

Code: 752015

The 6" Finny Precise Safety Scissors is made with industrial grade high quality German steel. The ergonomic handles are sculpted to fit your hand, maximizing comfort, sensitivity and control. The blade is lighter, harder and with a longer edge life compare to traditional solid steel. Specially made safety blade edge and rounded tip to reduce the risk of injuries when cutting. Innovative Safecut grinding makes it safer to cut a variety of materials including papers and textiles. It provides greater precision and control when cutting intricate details. Skin-friendly soft rubber insert, permanently fixed to the handle. Designed for a perfect grip, even cutting with wet hands.
