

# SAFETY BOX CUTTER

## A35

**AUTO RETRACT TECHNOLOGY**

Code: A35

A35 Safety Box Cutter is perfect for opening cartons as limited blade protrusion protects cartons contents. A35 features a spring loaded mechanism to reduce the risk of workplace accidents. It has a strong but light metal body, gives you better durability and strength when you are cutting.

### A35 Safety Box Cutter

- Light and easy to use economical safety knife
- Die cast metal body for durability and strength
- Spring loaded mechanism to reduce the risk of having injuries
- Easy to change blade, no tools required
- Lanyard key-ring hole designed for easy attachment and storage

How it works:

1. Push forward blade slider to extend blade
2. Release blade slider while cutting.
3. Blade automatically retracts after cutting. This helps to reduce the risk of injuries.

APPLICATION:		
✓ Cardboard	✓ Cartons	✓ Tape Boxes
