

SAFETY SHEET CUTTER A36

Code: A36

The A36 Safety Sheet cutter ergonomically designed for use with plastic sheeting and foamed material. For use by right and left handers. The coated metal base slides readily across any surface for controlled cutting operations. With the hold down clip design, it prevents material build-up ahead of the blade edge and to keep fingertips safely away. Simply push the handle and begin cutting. Easy and quick blade change.

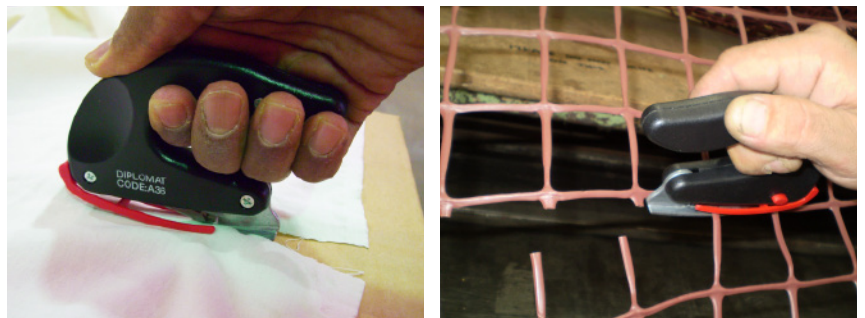

A36 Safety Sheet Cutter

- Slides easily across surface for safe, controlled push-cuts
- Red Guide prevents material build-up in front of cutting blade
- Hold-down clip designed to safeguard against accidents
- Easy to change blade - within seconds
- Light weight with ergonomic design
- Suitable for left and right hand users

BLADE CHANGING INSTRUCTIONS:
