

LEFT HANDED BUDGET SAFETY CUTTER A38LH

**AUTO RETRACT
TECHNOLOGY**

A38LH safety knife is a budget cutter featuring a spring-loaded mechanism, which allows the heavy-duty utility blade to automatically retract into the knife. A38LH has universal application and meets the industry requirements for the use of safety knives to reduce the risk of workplace accidents.

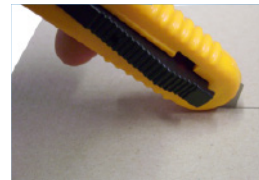

A38LH Budget Safety Cutter - Left Handed

- Light and easy to use economical safety knife
- Blade automatically retracts after cutting to reduce the risk of having injuries
- Easy to change blade, no tools required
- Specially design for left handed users
- Lanyard key-ring hole designed for easy attachment and storage

How it works:

1. Push forward the blade slider to extend blade

2. Release blade slider while cutting.

3. Blade automatically retracts after cutting. This helps to reduce the risk of accidental injuries.
