

# RESCUE CUTTER A39

**LIMITED BLADE  
EXPOSURE**  
Helps reduce injury risk

Code: A39

The A39 Rescue Cutter is a small plastic device with a protected cutting blade. In the event of a motor vehicle emergency it can be used to cut through seat restraint belts to release the occupant or wheelchair. Small and compact enough to fit in your glove compartment. It is also suitable for use in warehousing, easy and safe cutting shrink wraps and pallet coverings.

**How it works:**

## A39 Rescue Cutter

- For quick safe cutting of seat belt and clothing for accident victims
- Designed to help prevent accidents in the workplace
- Convenient finger hole to assist safe cut
- Also suitable for use in warehousing and packaging operations
