

COMPACT SAFETY DISPOSAL CONTAINER **A43**

Code: A43

Rotating open & lock closure

The A43 Compact Safety Disposal Container has been specially developed to meet the growing needs of clinical staff involved in giving injections as well as for those who have to self administer medication by means of a disposable needle and syringe.

It is not always practical to have access to a safe means of disposing of used sharps and this container provides a purpose-designed product which is safe, simple to use, portable and compact in size.
