The A58 Ultra Safety Knife is highly recommended by safety managers as the top choice for safety. It's auto-retracting technology significantly reduces the risk of injuries. The knife features dual action, retracting back into the knife after cutting, without requiring the user to release the blade slider. This feature also prevents the blade from accidentally protruding when stored in a pocket.

### Applications

Ideal for cutting: cardboard, tape, cartons, bubble wrap, paper bags, and pallet coverings.

Corrugated box

Film

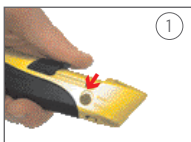

Strapping

Tape
