for comfort and
shock absorption

inner ABS shell
and soft pad for
comfort and shock
absorption

velcro strap
allows easy adjustment
and secure fitting

large ventilation holes
for extra breathability

The Diplomat Safety Bump Cap reduces the risk of head injuries in the workplace by providing head protection against bumps and scratches. Combining comfort and lightweight, with the added protection of an inner ABS shell and soft pad for shock absorption, the Diplomat Safety Bump Cap provides the perfect solution to head protection. Our sports cap design also means it is a form of safety wear that employees will actually want to wear.

Features & Benefits

- Reduces head injuries in the work place
- High quality plastic shell provides extra protection
- Inner and outer soft pad for comfort and shock absorption
- Made of cotton, ABS and foam padding
- Velcro strap at back of cap for easy adjustment and secure fitting
- Large ventilation holes for extra breathability
- Lightweight and comfortable
- Modern sports cap design - one size fits all
- Comfortable for everyday use
- Private labelling option available
- Suitable for industrial, mechanics, warehouse and maintenance work
- Conforms to: EN812:1997A1, 2001

Industries

Ideal for maintenance personnel, welders, and those working with industrial or mining chemicals, as well as in areas prone to head bumps and scratches like assembly lines, packaging stations, and general maintenance tasks.

Disclaimer: Safety Bump Cap is not an industrial safety helmet and should not be used as a replacement as specified in EN937
