

**AUTO RETRACT TECHNOLOGY**

Code: COBRA

Ergonomically designed safety knife, which comfortably fits in the palm of your hand and is ideal for a wide variety of applications. Changing blades is a breeze. Simply release the blade lock, expose the blade and pull the utility or concave blade from the knife. Extendable body allows you to store the knife more safely.

### COBRA Compact Safety Knife

- Heavy duty metal construction for durability and strength
- Blade automatically retracts after cutting to prevent accidents
- Features locking blade function and extendable body for safety
- Rubber grip handle for better handling
- No tools required to change blades
- Suitable for left and right handed users

#### How it works:

Compact body, easily fit in most pockets

Push the side level until the body extends and locks into place

Push the top blade slider to extend blade and begin cutting

#### APPLICATION:

✓ Strapping	✓ Cardboard	✓ Stretch Film
✓ General Maintenance	✓ Rubber	✓ Plastic
✓ Tapes	✓ Bubble Wrap	✓ Paper Bag

#### REPLACEMENT BLADES:

A58 Blades

A33 Blades

A05RC

A05D/Y

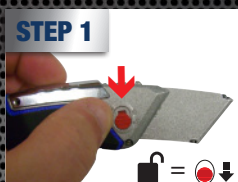

905.064

907.064

### BLADE CHANGING INSTRUCTIONS:

**STEP 1**  
Flick red button down to 'unlock' position

**STEP 2**  
Push the lever until the body extends into place

**STEP 3**  
Push the blade slider to the end and keep in place

**STEP 4**  
While holding the blade slider, pull out the blade and replace with new one

**STEP 5**  
Once blade has retracted, flick red button to 'lock' position
