

# SLICE AUTO UTILITY KNIFE

Order Code: SLICE-AUTO RETRACT

The Slice Auto-Retract Utility Knife gives you a long blade to cut through thick materials including triple walled cardboard then pulls back to keep you safe when you're done. Slice have responded to customer demand for a durable auto-retracting utility knife with their patented ceramic safety blade and a reliable glass filled nylon handle.

The included rounded tip ceramic blade lasts up to 11x longer than steel and is safer to handle. Rotate the blade edge quickly and without tools to adjust for right or left handed use. As with all Slice ceramic blades, this auto-retractable knife blade is non conductive, chemically inert and never rusts.

### Features:

- Easy no-tool blade change
- Ergonomic side slider pulls to activate
- Safer than metal blades
- Durable glass filled nylon (GFN) handle
- Ambidextrous use
- Lanyard hole for easy transport
- Blade is chemically inert, never rusts
- Non-conductive, non-magnetic blades

### Suitable applications:

Cardboard

Plastic film

Clamshell packaging

Bubble wrap

Tape

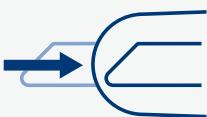

Bag and sacks

Paper bags

Pallet coverings

Longer blade for thicker cuts

Auto-retracts for safety

## Why a Ceramic Blade?

- Non-conductive, non-magnetic
- Safe + Clean made from 100% Zirconium Oxide, never rusts
- Patented thicker design easier to hold and handle
- Sharp up to 11x longer than steel
- Less blade changes
- A safer cutting experience
- Rounded edges are safer to handle and use
