

FLOATING RESCUE KNIFE YELLOW FLOATING KNIFE

The Floating Knife is designed to be the ultimate cutting solution for emergencies. Great for carrying on a rescue boat, fishing boat and sailing boat. It features razor sharp serrated blade that is suitable to cut ropes, strings and fishing nets. The blade also has a dulled tip so that it does not puncture your body, life preserver or emergency floatation vessels.

FLOATING KNIFE Floating Rescue Knife Yellow

- Floats on the water, means you will never lose it when you need it
- Lightweight and compact, easy to storage
- Great solution for emergencies
