

10M METAL TAPE MEASURE G-LOCK/10M

Code: G-LOCK/10M

Tajima
Since 1909

G-LOCK/10M 10m Metal Tape Measure

The Tajima® G-LOCK/10m is the most durable and shock resistant tape measures on the market. Thick elastomer cover wrapped around a heavy-gauge ABS casing with positive tape lock and cushioned end hook return, provides great comfort and a sure grip. Compact and smooth working tapes, with superior engineering and easy-to-read crisp, clean scales imprinted on white backgrounds. Tape extends up to 10m in total also includes metric and imperial tape scale and standard belt clip at back.

- Shock Resistant and heavy duty construction with non-slip rubber grip
- Triple-riveted end hook with independently riveted steel back plate
- Smooth, high tensile-strength return spring
- Positive tape lock, cushioned end hook return
- Clear coat blade protection for durability and long lasting
- Magnetic tip for convenient work with steel
- 1 inch wide belt clip included
- Made in Japan
