## Product Flyer

### Specifications

#### Stainless steel compact size safety concealed cutter

KLEVER KUTTER is ideal for food and pharmaceutical processing industries. It uses "food contact approved" stainless steel blades to reduce risk of food contamination. Its recessed blade design helps prevent accidental contact, reducing the opportunity for personal injuries. Also suitable for easy cutting strapping, cardboard, bubble wrap and warehouse goods.

- Stainless steel blade, reducing risk of having food contamination
- Recessed blade prevents contact with fingers, eliminating costly injuries
- Prevents damage to the contents
- Ergonomic handle reduces hand fatigue and stress
- Made in USA with high quality German blade
- No replacement blade
