

OLFA SELF-HEALING CUTTING MATS 5CM LINE GRID, SIZES: SMALL, MEDIUM & LARGE

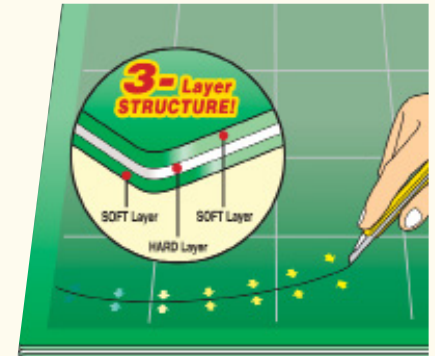

Not only does this OLFA® self-healing cutting mat have a long life, it extends the life of your knife blades, too. Designed for heavy-duty cutting, the mat can be used with OLFA® utility and art knives, as well as rotary and special cutters.

Good For: Protecting cutting surfaces and extending the life of your rotary and utility blades.

OLFA® Self-healing Cutting Mats

- Self-healing, professional quality cutting mats especially designed for use with OLFA® standard-duty cutters
- Heavy-duty cutters, art knives, rotary cutters and specialty cutters
- 3-layer thickness helps extend mat life
- 3.0mm thick for a variety of applications
- Solid green on opposite for general cutting. 5cm grid line for a variety of applications.
- Store flat and out of direct sunlight

Self-healing Technology

Self-healing cutting mats with durable, non-slip surface for repetitive cutting without damaging your work surface or harming the knife edge. The cutting mats are from a unique composite vinyl material, designed for both rotary blades and straight utility blades. The cutting mats provide a long-lasting, non-glare surface that can be cut and slashed constantly without showing marks or cutting lines.
