

OLFA SAFETY CONCEALED CUTTER SK10

LIMITED BLADE EXPOSURE

Helps reduce injury risk

Code: SK10

SK10

OLFA SK10 features an adjustable blade positioning design which allows for 4 cutting points on a single-edge utility blade. Highly productive, it delivers **4x** more cuts than a single-edge, fixed blade or concealed safety cutter. It has a 5/32" (4mm) throat inlet to cut through a variety of materials, and a stainless steel tape slitter for box tape slitting.

Acetone resistant for easy cleaning. Fits both right and left handed users with no blade adjustment necessary. Tool-free blade change.

- Unique 4-point adjustable blade positioning
- Cuts 4 times more than a single edge fixed blade
- Easy to change blade, no tools required
- Made in Japan with high quality Japanese blade
- Stainless steep tape slitter for box tape slitting

Made in Japan

Strapping

Pallet Covering

Tape Slitter

Bubble Wrap

APPLICATION:

✓ Strapping	✓ Cardboard	✓ Stretch Film
✓ Plastic Sheeting	✓ Bag & Sacks	✓ Tapes
✓ Bubble Wrap	✓ Paper Bag	✓ Pallet Coverings

REPLACEMENT BLADES:

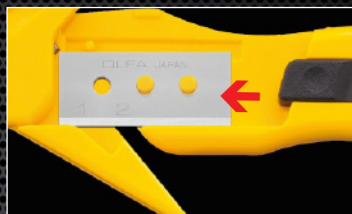

OLFA Safety Knife Blade
Material: High quality carbon steel (0.016") Thick
Made: Japan
(Dispenser of 10 Blades)

BLADE CHANGING INSTRUCTIONS:

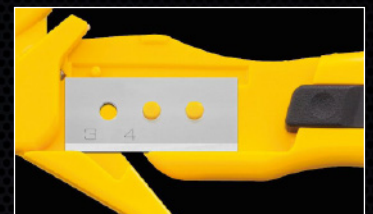

Slide black slider and rotate top blade lid to reveal blade

Change blade position by placing blade to different notch

When one side goes blunt, flip the blade to the opposite side and place it to correct notch

Number "4" is last cutting position which means you will have to replace a brand new replacement blade
