Auto Retractable Utility Knife

With Slice® Ceramic Blade - 10554

SLICE-AUTO RETRACT

Spring-loaded blade retracts automatically when user releases slider.

The Slice® Auto-Retractable Utility Knife unique finger-friendly® blade is safe to the touch and therefore causes fewer and less severe injuries than traditional blades. Auto-retraction adds another level of protection, as the blade can never be accidentally left out. This versatile knife has a longer blade for thicker and more effective cuts, and the durable reinforced nylon handle makes it an ideal tool for industrial usage. It is suitable for left and right-handed workers, and an integrated lanyard hole and tool-free blade-change mechanism help your workforce operate more efficiently.

Features & Benefits

- Finger-friendly® blade is the only safety blade on the market
- Smart retraction pulls in blade when cut is complete
- Ergo Pull™ slider reduces hand strain
- Longer blade for thicker cuts
- Durable reinforced nylon handle built for industrial use and comfort
- Suitable for left and right-hand users
- Integrated lanyard hole for easy access
- Simple and quick no-tool blade change
- Non-conductive blade for added safety
- Chemically inert blade that never rusts
- Slice® blades last 11.2x longer than traditional blades
- Blades are reversible

Product Details

Code: SLICE-AUTO RETRACT (#10554)

Barcode Number: 895412105542

Technical

MATERIAL	Plastic, Carbon steel
DIMENSIONS	L:154mm, W:36mm, H:21mm
WEIGHT	66 grams

Packaging

SELL PACK QTY	1 unit
INNER QTY	6 units
INNER DIMENSIONS	L:20cm, W:17cm, H:9cm
INNER WEIGHT	0.7 kg
OUTER QTY	24 units
OUTER DIMENSIONS	L:43cm, W:18cm, H:22cm
OUTER WEIGHT	3.1 kg

Why Slice?

Slice design and manufacture innovative cutting tools for many uses with one goal: to make cutting safer without sacrificing effectiveness. Their line of cutting tools are ergonomically designed to reduce hand strain and related injuries, lightweight and durable with "finger-friendly" advanced ceramic safety blades. All tools are ambidextrous. Safer cutting for everyone.
