

Scraperite Curvey™ Blade

SRC30GPO

30 replacement pack

Scraperite general purpose plastic curved blades are specially designed to be used in situations where a metal scraper blade could harm the surface underneath.

safe for people & surfaces

recyclable blade

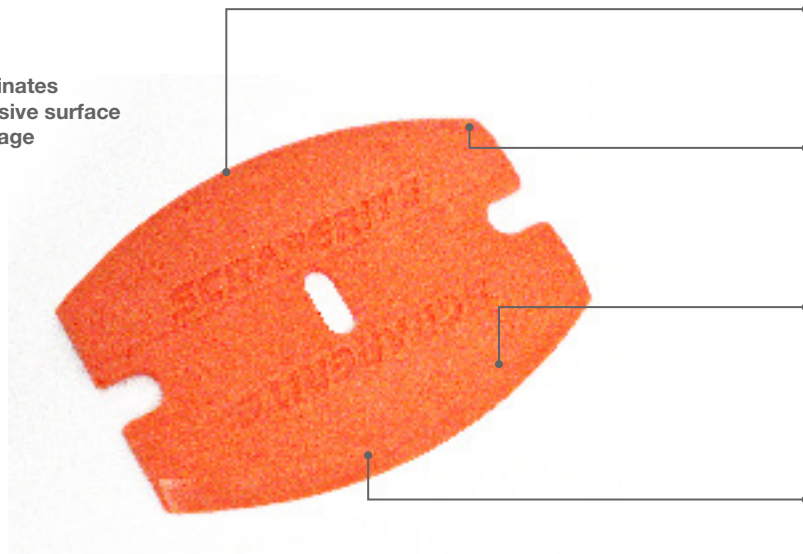

non-corrosive & non-reactive

Features

Safe
Eliminates abrasive surface damage

concave blade
Perfect for concave surfaces which can only be accessed by a curved blade

increased safety
A shallow concave curve and no sharp corners

double-edged design
Patented design for maximum scraping capability

interchangeable
Interchanges with Scraperite Tradesman Mini Holder and Tradesman Standard Holder

Plastic composite blade technology
More accuracy and efficiency than a metal blade but without the risk of corrosion, surface damage, or personal injury

Applications

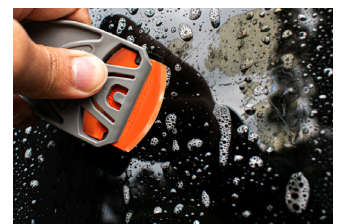

Steel surface residue removal

Car detailing & cleaning

Sticker & label removal

Window cleaning
