

NEW TRIUMPH SCRAPERS

Made in Denmark

THE WORLD LEADER IN PROFESSIONAL SCRAPERS!

Triumph MK2

Includes Protective cover & rubber squeegee

150 mm wide, holds a prominent position as the world's most popular professional window scraper. Strong, lightweight, easy to clean - and the double-edged blade can easily be revolved for extended use or replaced by a new one.

TRIUMPH MK2

TRIUMPH MK3 with anti-slip ribs, ergonomic rubber handle etc. MK3 Straight comes with the original TRIUMPH 6-inch carbon steel blade and accepts blades of carbon steel as well as of stainless steel, exactly the blades that you already know.

Includes Protective cover

TRIUMPH MK3

Triumph MK3/ANGLED

Includes Protective cover & rubber squeegee

TRIUMPH MK3 Angled is all in one piece; not two pieces glued together. MK3 Angled features a handle tilted at a 30° angle. This model is used to scrape off old sun protection foil from window panes – a real backbreaker of a job!

TRIUMPH MK3/ANGLED

Our 6" blades are the highest quality German made blades. **MOZART** Available in stainless steel or carbon steel. Carbon steel is preferred for heavy usage because it is thicker and a little stronger, but the blades generally rust quickly, so they are really only good for one day's use. Stainless steel blades are far more resistant to rust and more flexible, but are not quite as sharp.
