

NXT Series is the first product lone to utilise the TruShield™ performance, a ground-breaking armor platform that obliterates current recognise industry standards for cut, puncture, and abrasive resistance.

NXT products take high dexterity gloves to another level of comfort, feel, and high performance protection that other products cannot match.

ATTRIBUTES:

TruShield™

Cut Resistant

Abrasion Resistant

PROTECTION ZONES:

**TruShield™
Performance Area**

**ISEA
CUT: 5**

CE  **PENDING**

FEATURES:

- This product has our innovative TruShield™ Performance Design Difference:
- **SuperFabric®** brand material and Coretek™ fibre provide 5x more cut resistance, and 11 x more abrasive resistance of traditional HDPE gloves
- Shielding design of fibres and **SuperFabric®** plating reduce ability of sharp objects and burs from penetrating and causing injury
- Quadstrech design technology provides incredible feel compared to other bulky cut resistant gloves
- Coretek™ fibre keeps hands cool & comfortable while providing best-in-class dexterity and all round cut protection
- Launderable

PRODUCT USES:

- General work
- Assembly
- Material handling
- Grinding
- Glove liner
