

RIG LIZARD® 2025

RIG LIZARD

When you asked for a glove with the highest level of dexterity without sacrificing impact protection, we listened. The Rig Lizard® sets a new precedent for oil, gas, and mining safety gloves. After safety supervisors across the industry helped identify common on-site hazards, anything less than our full-hand, impact-resistant exoskeleton simply would not suffice. Combine these features with a pre-curve design, double palm stitch, and our maximum-comfort fingertip design, and you've unlocked the dexterity and protection needed for optimum performance.

RIG LIZARD® 2025

Maintaining the optimal balance of comfort and dexterity, the HexArmor® Rig Lizard® 2025 is the breakthrough oil and mining glove that empowers you with the next generation of industry-leading impact and industrial puncture safety.

FEATURES:

- Durable TP-X+™ palm with unique stitching pattern and Cut Level 4 SuperFabric® (interior layer) provides industry-leading cut and abrasion resistance
- IR-X® Impact Exoskeleton™ with new and improved high-flex design protects against forceful blows to the back of hand
- Additional IR-X® guard between thumb and index finger secures common pinch and catch points
- Reinforced seams extend glove life
- Breathable SlipFit® cuff with pull tab and name tag
- Hi-vis color scheme increases visual awareness
- Launderable
